

EdReady is a personalized, free, and self-paced learning system that is used to assess students' English and Math readiness for Pikes Peak placement. You can complete EdReady on-line from the comfort of your home.

To take advantage of this option, you will need to:

- Go to pikespeak.edready.org and create an account.
 - Use your Pikes Peak assigned student email if you have one. If you do not have a Pikes Peak email, you should use the email you included in your Pikes Peak application.
 - Only scores from the **Pikes Peak EdReady platform** will be accepted for placement. You will know you are in the Pikes Peak platform if you see the PPSC logo.
- Enter the Goal Key for the course you are trying to place into. See the chart below for a list of the PPSC EdReady Goal Keys.

Course	Goal Key	Target Score	Pre-Requisite Met
ENG 1021 or ENG 1031	PPSC_1021	90	Use this code if you are trying to register for a course with a College Reading and Writing Literacy pre-requisite
MAT 1120	PPSC_1120	90	
MAT 1140	PPSC_1140	90	
MAT 1160	PPSC_1160	90	
MAT 1220 or MAT 1230	PPSC_1220	90	
MAT 1240	PPSC_1240	90	Use this code if you are trying to register for a course with a College Quantitative Readiness pre-requisite
MAT 1260	PPSC_1260	90	
MAT 1340	PPSC_1340	90	Use this code if you are trying to register for a course with a MAT 0300 or College Algebraic Readiness pre-requisite
MAT 1440	PPSC_1440	97	Use this code to place into MAT 1440 Pre-Calculus.

On September 2022, EdReady was approved for placement into MAT 1440. EdReady cannot be used to place into MAT 1420 or MAT 1400 at this time. Students may complete the Accuplacer to place into these courses. Students are encouraged to use the EdReady code PPSC_1400 to prepare for the Accuplacer

- After adding the goal key, you will then complete the diagnostic test, work through the lessons, and retake topics and units to earn your desired score. A score of 90 is required for placement into college level courses except for MAT 1440. A score less than 90 would place you into co-req or college prep courses. To place into MAT 1440, you will need a score of 97.
 - Students using TA, VA, or MyCAA education benefits should take EdReady once and submit that score to the Testing Center. VA, TA, and MyCAA benefits will not pay for developmental classes (below 1000 level) if students force a score of 90+ on EdReady. Students using TA, VA, or MyCAA education benefits who earned a score of 90+, will have to pay out of pocket if they later realize they need the developmental class(es). Please contact MVP for more information (719-502-4100, mvp@pikespeak.edu).**
- Once you have earned a 90 or 97 for PPSC_1440, the Testing Center will get an automatic notification with your score report. We will process your score and will send you an email with placement information within two business days.
- Students using TA, VA, or MyCAA education benefits may use EdReady with a score below 90 to justify enrollment in co-requisite or prep courses. To justify enrollment in these courses, students must export their results directly to the Testing Center.**
 - Follow these steps if you need to export your EdReady scores below 90 to justify placement.**
 - Go to "My Account"
 - Under "Student data export" select "Download Your Data"
 - In the textbox, send a copy directly to the Testing Center: testing.center@pikespeak.edu
 - The Testing Center will process your scores within two business days
